

GRAPPLE & ELECTRO HYDRAULIC KITS UTILIZES YOUR LOADER FOR MORE PROJECTS

**URNS YOUR STANDARD BUCKET INTO
A VERSATILE GRAPPLE BUCKET**

FEATURES:

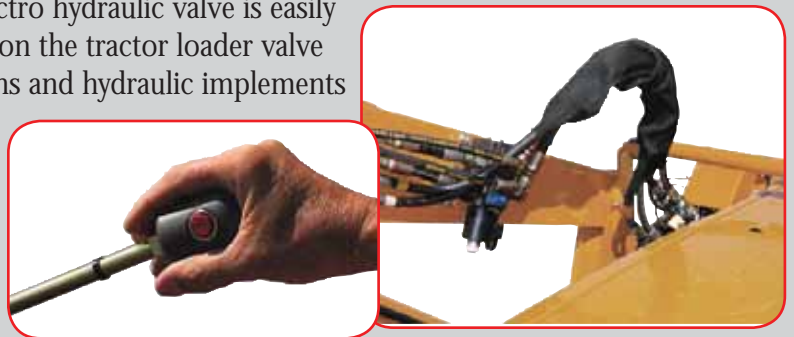

- ❑ Grapples allow you to pick up material impossible to do with plain loader bucket, such as; brush, loose hay, leaves, bales, manure, etc.
- ❑ Fits 48 to 84 inch wide compact tractor loader buckets
- ❑ Easy to mount and take off when not required
- ❑ Hydraulic cylinder gives a strong, tight grip to the material you are moving
- ❑ Full length torque tube made of 2 1/2" schedule 40 pipe
- ❑ Available in single or double grapple
- ❑ 3-Large 3/8" thick grapple hooks on each grapple
- ❑ Greaseable 1" hinge pins
- ❑ 1 3/4" x 6" hydraulic cylinder (Hydraulic hoses and hardware is included)

ALLOWS OPERATING LOADER MOUNTED HYDRAULIC IMPLEMENTS

Gearmore Electro Hydraulic components were developed to obtain a simple, compact way to operate loader mounted hydraulic implements. The mounted electro hydraulic valve is easily operated by a push button switch knob mounted on the tractor loader valve lever. This allows operation of the loader functions and hydraulic implements

FEATURES:

- ❑ Electro hydraulic valve operates hydraulic functions up to 13.2 GPM
- ❑ Easily installed replacement loader knob with push button electric switch
- ❑ Valve mounting bracket and hardware

MODEL NO.	DESCRIPTION	BUCKET WIDTH	WEIGHT
GK-4866	Single Grapple Kit	48" to 72"	140#
GK-6078	Double Grapple Kit	60" to 84"	250#
*EH-100	Electro hydraulic valve components for dealer installation on tractor loader		10#
* Dealer to supply hoses, fittings, and wiring
